

# Introduction to Latin

Summer 2021

## Course Description

Throughout a time span of 7 weeks, students will learn basic Latin vocabulary, grammar, translation, culture, and more. They will participate in class activities and review games to enhance their understanding of the material.

## Course Objectives

We hope that by the end of these 7 classes, students will be able to have a better understanding of Roman culture and be able to perform simple Latin translations.

## Materials Needed

There are no materials needed but we recommend having paper and pencil to take notes.

## Homework

Homework will be assigned at the end of each class. Submission is not required but we will review and give feedback if you choose to do it.

## Notice

The weekly schedule listed to the right may be altered depending on the speed that students pick up the content.
